Activities in the Areas:	
- Further Education	Master (FIB UGM Yogyakarta), Doctor (FIB UGM Yogyakarta)
- Research	Japanese Teenage Girls' Slang (Gyarugo): An Analysis of Forms, Meanings, Identity, and Gender Relations
- Consultancy	Japanese Language Certifications.
How are personal research activities reflected in teaching activities?	Course materials refer to research results in the domain of language attitude, particularly focusing on how students in the Japanese Language and Culture program apply their language attitudes in the Japanese language teaching methods course. The findings provide insights into students' preferences, motivation, and challenges in using Japanese in academic settings, which are then incorporated into teaching strategies to enhance engagement and effectiveness in learning.

Work experience:	Lecturer at Japanese Language and Culture Study Program, Faculty of Cultural Science, Universitas Gadjah Mada
- General	Japanese lecturer
